Healthfirst Increased Benefits Plan (HMO)

Approved

OTC Purchases

\$15/MONTH

IN ELIGIBLE EXPENSES
WITH YOUR OTC CARD

KEEP THIS LIST HANDY!
IT CAN HELP YOU SAVE
NEXT TIME YOU SHOP.

Follow these easy steps to start using your Healthfirst OTC card benefits.

STEP 1 Activation

Please activate your new OTC card to start using it. If you are a current member and have an old OTC card, please discard it, as it is no longer valid. If you are new to a Healthfirst Medicare plan or have never activated your OTC account, please call Card Services at **1-888-682-2400** (24 hours a day, 7 days a week) or visit otcnetwork.com/member.

You will need to provide:

- 1** The OTC card number printed on the front of the card
- 2** Your Healthfirst Increased Benefits Plan Member ID card number
- 3** Your birthdate (two-digit month, two-digit day, and four-digit year; for example, 05/20/1955)

STEP 2 Visit a participating store or online retailer

Take your activated Healthfirst OTC card with you to a participating store and select the approved items you want to purchase. A wide variety of retailers are part of the OTC network, from national chains to your local pharmacy. You do not need a prescription or have to visit the pharmacy window.

You can also shop online at Nations OTC. Call **1-877-236-7027** (TTY 711), Monday to Friday, 8am–8pm, or visit **NationsOTC.com/Healthfirst**. Please have your 19-digit OTC card number available.

STEP 3 Pay for your items

Take your items to the front checkout lanes. When you check out, swipe your OTC card for payment. Purchases of approved items are automatically deducted from your card balance.

Unused balances will automatically expire at the end of each month or upon disenrollment from the plan.

Please remember to bring your OTC card with you when you shop.

You cannot use your Healthfirst Member ID card to pay for non-prescription drugs or health items.

To locate a participating retailer or check your card balance, you may:

- 1** Visit otcnetwork.com/member, 24 hours a day, 7 days a week
- 2** Call Member Services at **1-888-260-1010** (TTY 1-888-542-3821), 7 days a week, 8am–8pm (October through March), and Monday to Friday, 8am–8pm (April through September).

Use your Healthfirst OTC card only on items you buy for yourself— not for family or friends.

If you purchased approved OTC items and couldn't use your Healthfirst OTC card, you may submit an Over-the-Counter (OTC) Reimbursement Claim Form. This form is available at healthfirst.org/otc or by calling Member Services at **1-888-260-1010** (TTY 1-888-542-3821), 7 days a week, 8am–8pm (October through March), and Monday to Friday, 8am–8pm (April through September).

Your card must be activated and you must follow all instructions on the form to receive reimbursements.

Items you **CAN** buy with your Healthfirst OTC card

COLD AND ALLERGY

Allergy, Sinus, and Combination
Liquids and Tablets*

Asthma Preparations*

Vitamin C*

Vitamin D*

Vitamin E*

WEIGHT CONTROL/ NUTRITIONAL FOOD

Food Scales* and Pedometer

- * **Dual Purpose** These are products or medicines you should purchase only on the advice of your physician. They may be available to you or covered under another part of your Medicare or Medicaid coverage. Medicare Advantage plans may offer, as a supplemental benefit, health-related items and medications that are available without a prescription and that are not covered by Medicare Part A, B, or D.
- + In certain situations, items in these categories may be covered under Medicare Part B or D. When an item is covered by Part B or D, you should not use your OTC benefit card to buy it, because it is covered by Medicare and is not part of your supplemental OTC benefit. For example, gauze may be covered under Part B when it is being used, by prescription, to perform surgical wound dressing changes. In these situations, you should present your prescription and your Healthfirst Medicare Plan Member ID card at the pharmacy counter.

Items you **CANNOT** buy with your Healthfirst OTC card

Alternative Medicines:
Botanicals, Herbals, Probiotics,
and Nutraceuticals

¹ **Non-Approved Item Exceptions**

For certain very specific diseases (i.e., congestive heart failure or liver disease), you may qualify for reimbursement of the purchase of scales, provided you have discussed the purchase with your doctor, who verbally recommends the purchase due to the specific disease. Reimbursement for the purchase of early-diagnosis pregnancy items through the OTC benefit is available if your provider verbally recommends these diagnostic items for a specific disease or condition where early diagnosis affects medical treatment or medication.

The OTC allowance and items eligible for purchase may vary by plan and are subject to change.

Coverage is provided by Healthfirst Health Plan, Inc. Plans contain exclusions and limitations.

Healthfirst Medicare Plan, Inc. complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex.
