Re: Notice of Proposed Premium Rate Change
Healthfirst Bronze Total EPO Plan (LI) - HIOS ID 61405NY002[XXXX]

Dear Healthfirst Member:

Healthfirst Insurance Company, Inc. (Healthfirst) is filing a request with the New York State Department of Financial Services (DFS) to approve a change to your premium rates for 2022. New York Insurance Law requires that we provide a notice to you when we submit requests for premium rate changes to DFS.

DFS is required by law to review our requested rate change. DFS may approve, modify or disapprove the requested rate change.

Proposed Premium Rate Change

If approved, the percentage change to your premium is 30.8%.

If you enrolled through the NY State of Health, the state's health plan marketplace, and you qualified for financial assistance called an Advanced Premium Tax Credit (APTC), your current premium may be less than the amount shown above. Your 2022 premium may also be less than shown above if you qualify for the APTC again next year. You may also qualify for new or expanded APTCs under the American Rescue Plan Act, which may further reduce your 2022 premium. NY State of Health will calculate your eligibility for financial assistance each year. You must enroll in coverage through NY State of Health (nystateofhealth.ny.gov) to receive this financial assistance.

Please note that while we try to provide you with the most accurate information possible, the final approved rate may differ based on the benefit plan design and other features you select on renewal. Also, the final approved rate may differ because DFS may modify the proposed rate.

Why We Are Requesting a Rate Change

Healthfirst is requesting a higher rate for 2022 because several market forces continue to drive health care costs higher. These forces include:

- Cost increases for inpatient hospital, outpatient hospital, and physician services
- Cost increases for prescription drugs, including the increased use of expensive specialty prescriptions
