**Dual-Purpose** These are products or medicines you should purchase only on the advice of your physician. They may be available to you or covered under another part of your Medicare or Medicaid coverage. Medicare Advantage plans may offer, as a supplemental benefit, health-related items and medications that are available without a prescription and that are not covered by Medicare Part A, B, or D.

Dual-purpose items may include: vitamins, minerals, supplements, hormone replacements, Chinese medicine, weight loss items, and diagnostic tools like blood pressure monitors.

* In certain situations, items in these categories may be covered under Medicare Part B or D. When an item is covered by Part B or D, you should not use your OTC benefit card to buy it, because it is covered by Medicare and is not part of your supplemental OTC benefit. For example, gauze may be covered under Part B when it is being used, by prescription, to perform surgical wound dressing changes. In these situations, you should present your prescription and your Healthfirst Medicare Plan Member ID card at the pharmacy counter.

+ In certain situations, items in these categories may be covered under Medicare Part B or D. When an item is covered by Part B or D, you should not use your OTC benefit card to buy it, because it is covered by Medicare and is not part of your supplemental OTC benefit. Important

Please remember to bring your OTC card with you when you shop. You cannot use your Healthfirst Member ID card or Medicare card to pay for non-prescription drugs, health items, healthy foods or produce.

Shop at participating retailers in person and swipe your OTC card to save.

Unused balances will automatically expire at the end of each quarter (even if you transfer to another Healthfirst plan with an OTC benefit) or upon disenrollment.

If you have purchased eligible OTC items and couldn’t use your Healthfirst OTC card, you may submit an Over-the-Counter (OTC) Reimbursement Claim Form. This form is available at healthfirst.org/otc or by calling your dedicated Member Services team at 1-855-771-1081 (TTY 1-888-542-3821), 7 days a week, 8am–8pm (October through March), and Monday to Friday, 8am–8pm (April through September).

Your card must be activated and you must follow all instructions on the form to receive reimbursement.

Use your Healthfirst OTC card only on items you buy for yourself—not for family or friends.

The OTC card is not a debit or credit card and cannot be converted to cash, nor can it be used to purchase Part B or Part D covered prescription drugs. Certain brands may not be eligible at all locations. The list of eligible items may vary from month to month. Items may change, depending on availability. Limitations and restrictions may apply.

OTC items are subject to the plan’s list of eligible items and the plan’s participating network of retail and online providers.
Coverage is provided by Healthfirst Health Plan, Inc. Plans contain exclusions and limitations.

Healthfirst Health Plan, Inc. offers HMO plans that contract with the Federal Government. Enrollment in Healthfirst Medicare Plan depends on contract renewal.
