This handbook will answer questions about your Healthfirst plan and benefits. Keep this handbook where you can find it when you need it.
Welcome!

Thank you for choosing Healthfirst.

Your Healthfirst plan gives you access to a wide range of care and services to fit your needs, including our large network of doctors and specialists at many top hospitals and medical centers in New York City and on Long Island.

This Member Handbook will help you get to know your new health plan. Use it to find important information about your benefits, online tools, and more. We also included these member materials in your Welcome Kit:

- **Dental and Vision Benefits Overview**: A quick guide to some of the services and savings that come with Healthfirst Pro and Pro Plus EPO plans
- **Summary of Benefits and Coverage (SBC)**: An easy-to-read list of what your plan covers and what it costs
- **Access to Care Overview**: A detailed list of ways to access care through 24/7 telemedicine and urgent care centers

You can count on us.

If you ever have any questions, we are here to help. Visit MyHFNY.org to register your secure Healthfirst account and get the information you need, including a complete list of plan benefits and coverage (your Certificate of Coverage). You can also call Member Services at **1-855-789-3668** (TTY 1-855-779-1033), Monday to Friday, 8am–6pm.

Need answers to your health questions?

Get the information you need via our websites: MyHFNY.org, healthfirst.org, HFVirtualCommunityOffice.org, our mobile app, by phone, and in person.

This handbook is available in English, Spanish, and Chinese. We also have free language services that include access to an interpreter and translation of important documents for you. Please call Member Services at 1-855-789-3668 for more information.

Este manual está disponible en inglés, español y chino. También contamos con servicios lingüísticos gratuitos que incluyen acceso a un intérprete y traducción de documentos importantes. Para más información, por favor comuníquese con el Departamento de Servicios a los Miembros al 1-855-789-3668.

本手册可用英文、西班牙文與中文提供。我們還為您免費提供多種口譯服務，翻譯重要文件。詳情請致電會員服務部 1-855-789-3668。
Getting started.

Here’s a list of the items you should have received by now:

✓ Your Member ID card identifies you as a Healthfirst member and helps you receive care at doctor offices, hospitals, specialists, urgent care centers, retail health clinics, and pharmacies in the Healthfirst network. Please carry it with you at all times.

✓ A welcome letter with primary care provider (PCP) assignment that shows your account information and the PCP assigned to you. You can switch to another doctor in the Healthfirst network at any time.

Get the most from your Healthfirst health plan:

☐ Visit MyHFNY.org to sign up for your own Healthfirst account, accessible 24/7. See page 12 for details.

☐ Decide whether you want to switch from your assigned PCP to another doctor within the Healthfirst network. Visit MyHFNY.org to view our provider directory and select a new PCP, or call Member Services to make the change.

☐ Schedule your annual checkup with your PCP. All recommended preventive care visits are included with your Healthfirst plan. See page 8 for more details about your no-cost preventive care benefits.

☐ Set up your telemedicine account through Teladoc. Talk to a U.S. board-certified doctor 24/7 at no cost to you. See page 8 for details.

☐ Complete your Annual Health Assessment at MyHFNY.org. It’s a simple online survey that helps us get to know your health needs so we can better personalize your access to care.

☐ If you need help managing a chronic condition like asthma or diabetes, call and enroll in our no-cost Care Management Program. See page 10 for more information.

☐ Connect with a local Healthfirst representative by visiting HFVirtualCommunityOffice.org or go to healthfirst.org/locations to find a convenient community office near you.

Set your preferences:

By signing up for your account at MyHFNY.org, you’ll be able to make payments, choose how you’d like to receive communications from Healthfirst, and more!

What should I know about my health plan?

Your Healthfirst plan covers essential health benefits, including access to:

- Preventive and wellness visits (annual checkups, shots, mammograms, etc.)
- ER and urgent care visits
- Hospital stays
- Maternity care
- Behavioral health and substance abuse services
- Prescription drug coverage
- Physical and occupational therapy
- Ambulatory (outpatient) patient services, including PCP and specialist visits
- Lab tests and imaging (blood tests, X-rays, etc.)
- Pediatric dental and vision care

You can count on Healthfirst to help you. For specific plan benefits and cost-of-care estimates, please visit MyHFNY.org.

You can also access your account information with our Healthfirst NY Mobile App. Use it to find care that’s in your network, locate essential services nearby, view your digital member ID, and more.

REMINDER:
Your covered services are available to you from a provider in our network. Depending on the service and your plan, there may be some out-of-pocket costs involved. See our glossary starting on page 18 for definitions of health insurance terms.
To avoid penalties and ensure timely care management, your provider must call Healthfirst at least 24 hours in advance for any services requiring prior authorization and within 48 hours of emergency admissions. Failure to call may reduce your benefits. Services requiring prior authorization are described in your benefit materials. This card does not guarantee coverage. Out-of-network coverage is not provided. You must comply with all terms and conditions of the plan.

Visit MyHFNY.org to find a doctor, view your benefits and more!

Tip!
If you need to see a doctor before you get your replacement Member ID card, you can use our Healthfirst NY Mobile App or log in to your Healthfirst account at MyHFNY.org to display the image of your Member ID card on your smartphone or tablet.

What if I lose my Member ID card?
Don’t worry, you will still be covered! The fastest and easiest way to request a replacement card is to log in to your Healthfirst account at MyHFNY.org. You can also call Member Services at 1-855-789-3668, Monday to Friday, 8am–6pm.

This is a sample Member ID card. Your actual Member ID card may be different, based on your specific plan.

Please remember to always carry your Healthfirst Member ID card so you can get access to medical care when you need it. You will need your Member ID card to receive services from a doctor, hospital, or pharmacy. If you haven’t received your Member ID card in the mail yet, please call Member Services at 1-855-789-3668 to let us know.
How do I change my primary care provider (PCP)?

Your PCP is the doctor you go to for your healthcare needs. Your PCP can be a general doctor, an OB/GYN, or (in some cases) a specialist.

Your PCP can help you with things like:

- Guiding you through healthcare concerns
- Coordinating your care
- Authorizing treatments
- Recommending specialists

To change your PCP:
If you would like to change your PCP from the one initially assigned to you and you have a physician in mind, first check [HFDocFinder.org](http://HFDocFinder.org) to see if he or she is in the Healthfirst network. Then, use the Healthfirst NY Mobile App or log in to your account at [MyHFNY.org](http://MyHFNY.org) to change your PCP.

Healthfirst NY Mobile App*
Search for a new PCP under Access Care in the app and then tap on “Make my Primary Care Provider” to change your PCP.

MyHFNY.org
Log in to your account at [MyHFNY.org](http://MyHFNY.org), go to the "Physicians and Facilities" page, and click on "Change PCP Here."

Having trouble? Just call Member Services at 1-855-789-3668 or visit [HFVirtualCommunityOffice.org](http://HFVirtualCommunityOffice.org) to connect with a local Healthfirst representative.

*See page 13 to learn more about the Healthfirst NY Mobile App.

What are my Health Savings Account (HSA) benefits?

**Bronze 6850 Pro EPO and Pro Plus EPO, Bronze Pro EPO and Bronze Pro Plus EPO plan members only**: If you signed up for an HSA, you will receive your HSA card and additional account information soon from the HSA administrator.

Once you receive your HSA card, visit [healthequity.com](http://healthequity.com) and click “Login” to set up your new account. Be sure to review your account carefully and confirm that all your information is correct.

You can start making contributions to your HSA once your Healthfirst plan becomes effective.

If you have any questions about your HSA, please call 1-844-281-0927 or visit [healthequity.com/healthfirst](http://healthequity.com/healthfirst).

You are not required to select a primary care provider (PCP) to access and receive services; however, if you do not select a PCP, Healthfirst will select one for you. You may change your PCP by contacting Member Services at 1-855-789-3668. Your PCP will receive copies of all correspondence and decisions related to your care, regardless of whether you have chosen him/her or if (s)he has been selected for you.
As a Healthfirst member, you have access to many healthcare services, including preventive care, dental and vision benefits, prescription drug coverage, and more.

Preventive Care
Your recommended preventive care services are covered 100% when you see an in-network doctor. These services include:

- Routine exams and checkups
- Immunizations (shots)
- Screenings (for cholesterol, blood pressure, etc.)
- Mammograms
- Maternity care
- And more!

Dental and Vision Care*
Dental and vision benefits differ, depending on your Healthfirst health plan. Healthfirst Pro EPO plan members have pediatric dental and vision benefits for children up to age 19, while Healthfirst Pro Plus EPO plan members have dental and vision benefits for all ages.

Prescription Drug Coverage
Your prescription drug benefit includes a tiered drug list to help you save money on many brand-name and generic medications, a convenient mail order option, and more. See page 11 for more details.

Telemedicine**
Teladoc gives you 24/7 access to U.S. board-certified doctors by phone or videochat when your PCP is not available.† These doctors can diagnose conditions, recommend treatments, and write prescriptions for most non-emergency care at no cost to you. Dermatology services for skin conditions are also available.

Set up your Teladoc account today by visiting Teladoc.com/healthfirst or calling 1-800-TELADOC (835-2362). You also have access to Teladoc through our Healthfirst NY Mobile App.

Acupuncture
Practiced for thousands of years, acupuncture is an alternative therapy option that may provide relief from pain, discomfort, and other problems. Healthfirst helps cover the cost of acupuncture for our members.

* Dental benefits are administered by DentaQuest. Vision benefits are administered by Davis Vision.

** Copays apply to Bronze level plans for Healthfirst Pro and Healthfirst Pro Plus, until deductible is met, except for Bronze 8150 Pro.

† Telemedicine isn’t a replacement for your Primary Care Provider (PCP). Your PCP should always be your first choice for care (both in-person and virtual visits).

‡ The Teladoc website and the mobile app are available in English, French, and Spanish. If you need assistance in another language, please call Teladoc at 1-800-835-2362. Interpretation services are available.
What about access to urgent care and emergency care?

Retail Health Clinics
Retail health clinics are inside retail pharmacy stores (such as Minute Clinic at CVS), providing a way for members to access immediate walk-in care (without an appointment) for non-emergency conditions, even during evenings and weekends. Retail health clinics do not include urgent care centers.

Covered services include, but are not limited to, diagnosis and treatment of minor acute illnesses and covered vaccinations.

Urgent Care
Our in-network urgent care centers give you access to immediate, non-emergency care whenever your doctor’s office is closed. In non-emergency situations, this is a less expensive and more efficient option than an Emergency Room (ER) visit. Urgent care centers are walk-in medical facilities where no advance appointments are needed. They are equipped to handle minor health issues such as:

- Infections
- Upset stomach
- Earaches
- Fevers
- Asthma*
- Sprains
- Minor fractures/Broken bones
- Wounds/Stitches
- X-rays (most locations)
- And more!

Visit HFDocFinder.org to find an in-network urgent care center near you. Many of these centers have extended hours and are open seven days a week, even on holidays. However, it’s a good idea to call ahead to find out their hours and offered services.

Emergency
If you have an emergency, always call 911 or visit the nearest emergency room, especially if you think waiting will worsen your condition or if your condition may be life-threatening. Emergencies are things like:

- Uncontrollable bleeding
- Poisoning
- Loss of consciousness
- Chest pain
- Severe allergic reaction
- Behavioral health issues (severe anxiety, depression, etc.)
- Substance overdose

*Contact your doctor at the earliest sign of an asthma flare-up to determine if urgent care or the ER would be the best option for your care.

Did you know?
You don’t need preauthorization if you need immediate emergency care. However, please call us within 48 hours to let us know you’ve been treated in an emergency room. If you forget to do this, you may have to pay more for your care.
What else does Healthfirst offer to help me stay healthy?

In addition to offering access to preventive, dental, vision, and urgent/emergency care, we offer the following:

**ExerciseRewards™ Program**
With **ExerciseRewards**, you can get paid back up to $200 of your membership dues every six months (if you visit a qualifying fitness center at least 50 times during the same six-month period). Plus, your covered spouse or domestic partner can get reimbursed up to $100 every six months for going to the fitness center 50 times or more.

**Active&Fit Direct™**
Working out just got easier. For just $25/month plus a one-time enrollment fee of $25, you can get a standard membership to a fitness center in your area. Track your activity, monitor your progress, achieve your fitness goals, and so much more! (Note: a three-month membership commitment is required.) Visit [activeandfitdirect.com](http://activeandfitdirect.com) to learn more.

**Care Management Program**
If you’re living with a chronic condition like diabetes, high blood pressure, asthma, or chronic obstructive pulmonary disease (COPD), **Healthfirst’s Care Management Program** can help. We’ll help you coordinate care between your PCP and specialists to make sure they all stay up-to-date with your care, so you can get access to the services you need to stay healthy. Best of all, this program is available at no cost to you.

**Chiropractic Services**
If you suffer from chronic stiffness or aches in your neck and back, you may benefit from seeing a chiropractor in our network. With Healthfirst, you don’t need a referral from your PCP to see a participating chiropractor in our network. Visit [HFDocFinder.org](http://HFDocFinder.org) to find a chiropractor near you. Make an appointment today by calling American Specialty Health at 1-800-678-9133.

---

**To learn more about ExerciseRewards, call 1-877-810-2746, Monday to Friday, 8am–9pm**

**To learn more about Active&Fit Direct, call 1-877-810-2746, Monday to Friday, 8am–9pm**

**For more information about Care Management, call Member Services at 1-855-789-3668 (TTY 1-855-779-1033), Monday to Friday, 8am–6pm**

**For more information about chiropractic services, call American Specialty Health at 1-800-678-9133, Monday to Friday, 8am–9pm**
What are my pharmacy benefits?

**Brand-Name and Generic Drugs**
Sometimes you may be able to choose between brand-name and generic drugs. Using generic instead of brand-name drugs can help you save money. By law, generic drugs must meet the same quality standards as brand-name drugs. So, they have the same active ingredients, strength, and dosage as brand-name drugs but cost much less. Ask your doctor if there is a generic version of your prescription(s).

**Formulary (Drug List) and Prior Authorization**
Our formulary (also called a drug list) can be found online at healthfirst.org/formulary. Your prescription drug benefit is divided into three tiers/levels to make it easier for your doctor to choose the most appropriate and lowest-cost drug for you. Your doctor may be required to get prior authorization/approval for certain drugs, which helps make sure you are getting the most appropriate and affordable drug. **Please note:** Healthfirst might not cover certain drugs without prior authorization.

**CVS Pharmacy Mail Order Service**
Have your prescription drugs sent right to your home, office, or any location that works for you. You may be able to order a 90-day supply of your medicine, which can cost less than three individual 30-day orders. Your doctor has three easy ways to order your prescriptions for you:

1. Call CVS Pharmacy Mail Order Service at 1-800-378-5697
2. Fax your prescription to 1-800-378-0323
3. Mail your prescription to:
   CVS Caremark, P.O. Box 2110, Pittsburgh, PA 15230-2110

Download a Mail Order Service form at healthfirst.org/mail-order-form.

**Same-Day Delivery of Prescriptions**
You can also request same-day delivery of your prescriptions:

- Call your local CVS
- Visit Capsule at capsulecares.com or call 1-212-675-3900
- Visit Medly at healthfirst.medlypharmacy.com or call 1-800-620-2561
- Visit ExactCare at exactcarepharmacy.com or call 1-844-287-1609

**Manage your prescriptions conveniently and easily online.**
Register your account at caremark.com to quickly order refills, compare medication costs, find lower-cost options, get prescription alerts, check order status, get your medicine mailed to you, and more.

**Tip!**
Healthfirst members have access to many pharmacies and pharmacy benefits. Plus, using a pharmacy in our network will cost less than using an out-of-network pharmacy. Visit HFDocFinder.org to find an in-network pharmacy near you.
What kind of online tools are available?

Access your Healthfirst account 24/7 at MyHFNY.org to:

- Search for a doctor, pharmacy, urgent care center, or clinic in our network
- Change your PCP
- View and print out a temporary Member ID card
- View recent medical claims and authorizations
- Review your plan benefits
- Choose how you would like to receive communications from Healthfirst
- Estimate your treatment costs
- Keep track of your deductible expenses
- Take an online Annual Health Assessment survey
- Access pharmacy benefits through CVS Caremark
- See a complete list of prescription drugs covered under your plan

Whether you want to find a doctor or estimate the cost of a health service, you can easily do it online 24/7. Just use your computer, tablet, or smartphone. If you have a smartphone, download our Healthfirst NY Mobile App for even more convenient access to your account.

Activate your Healthfirst account today. Here’s how:

Step 1

- Visit MyHFNY.org and “Create a New Account”
- Click “New to Healthfirst” if your Member ID has not yet arrived
- Click on “Member” if you already have a Member ID number
- Fill out the requested information (including your email address and mobile number)
- Read and confirm the Terms and Conditions
- Click Create Account

Step 2

- Verify your account by email or text to your mobile phone

Step 3

- Set up a Username and Password

And you’re all set!

Having trouble getting online?

You can always call Member Services for assistance. We’ll set up your online account for you and help you with anything else you may need. Call us at 1-855-789-3668, Monday to Friday, 8am–6pm.
Need a new doctor or want to see if your current doctor is in our network?

Visit [HFDocFinder.org](http://HFDocFinder.org) and select your Healthfirst health plan to access our directory and get the information you need—including office hours, locations, and hospital affiliation. Besides finding doctors in our network, you can also search for specialists, dentists, pharmacies, behavioral health providers, hospitals, urgent care centers, acupuncturists, and more. Our website is available in English, Spanish, and Chinese.

Download our Healthfirst NY Mobile App.

Stay up-to-date with your plan benefits and more right at your fingertips, on your mobile device.

Simply:

- **Get the App**
  - **Apple Devices:**
    Go to the Apple App Store and search for “Healthfirst NY”
  - **Android Devices:**
    Go to the Google Play Store and search for “Healthfirst NY”

- **Create Your Account**
  
  Already have an account on the Healthfirst member portal ([MyHFNY.org](http://MyHFNY.org))? Use your existing ID and Password to log in to the app.
  
  To create a new account:
  
  - Open the Healthfirst NY Mobile App
  - Tap on “Create New Account” at the bottom of the screen
  - Fill out the requested information (including your email address and mobile number)
  - Read and confirm the Terms and Conditions

- **Not sure of a health insurance term?**
  See our glossary on page 18.

- **Did you know?**
  
  The cost of lab tests (blood, urine, etc.) counts toward your deductible. However, there may still be some out-of-pocket costs after you’ve met your deductible.

  - Verify your account by email or text to your mobile phone
  - Set up a Username and Password
  - You can use your new ID and Password to log in to both the app and our member portal at [MyHFNY.org](http://MyHFNY.org)

Use the Healthfirst NY Mobile App to:

- Search for in-network care providers by specialty, location, gender, and language
- Find essential services nearby—food, housing, education, employment, financial and legal assistance, and more
- Access digital member ID and save, email, and text
- View primary care provider (PCP)
- View membership information
- Access Teladoc to speak with U.S. board-certified doctors 24/7 by phone and video
What kind of online tools are available? (continued)

Want to see an estimate of what a certain medical service, supply, or procedure costs before going to the doctor?

Go to HFCostLookUp.org to see your estimated costs, reimbursement amount, and out-of-pocket costs for:

- Tests (X-ray, ultrasound, blood, allergy, etc.)
- Treatments (acupuncture, injections, allergy shots, etc.)
- Transportation (ambulance)
- Supplies (diabetic, medical, and surgical)
- Equipment (orthopedic, wheelchairs, and accessories)
What is an Explanation of Benefits (EOB) statement?

An Explanation of Benefits (EOB) is a statement we send you after we process a claim. It is not a bill. It is a simple summary that shows you the following claim information:

- Patient’s name
- Doctor’s name
- Date of the appointment
- Type of healthcare service
- How much was charged
- How much we paid
- How much you owe (if anything)

What are the steps in the claims process?

1. You go to your doctor and pay a copay or coinsurance, if applicable.
2. Your doctor submits a claim to Healthfirst for the healthcare services provided to you.
3. We process the claim based on your plan benefits.
4. We let your doctor know how much we are paying for covered services and how much, if anything, you have to pay out of your own pocket.
5. We then send you an Explanation of Benefits (EOB) in the mail. This EOB is not a bill. It is a summary showing you how we processed the claim and what, if anything, you owe your doctor. You can also view your EOB online through your Healthfirst account at MyHFNY.org.
6. If you owe your doctor any money, they will send you a bill and you can pay your doctor directly.
7. If your doctor bills you for more than the amount on the EOB, call Member Services so we can help make sure your bill is correct. This claim process works the same way when you visit other types of in-network healthcare providers, such as specialists, hospitals, and pharmacies.
8. As long as you choose doctors and hospitals in our network, you will only have to pay your deductible, copay, and coinsurance. If you go to a doctor or hospital that is not in our network, you will have to pay more (unless we have authorized the service beforehand or it’s an emergency). If you did not have an emergency or services were unauthorized, you will have to pay your copay and coinsurance plus the doctor’s or hospital’s normal rate.

You can also see all your claims and recent medical services online at MyHFNY.org.

If you have any questions about an EOB you receive, call Member Services at 1-855-789-3668. Please have your Member ID and claim number ready before you call.
How do I contact Healthfirst?

Usually, the fastest way to get the answers you need is by logging in to MyHFNY.org. You can also visit HFVirtualCommunityOffice.org to connect with a local Healthfirst representative.

Glossary

We know that there is a lot of confusion around healthcare. Sometimes it’s hard to understand what certain terms mean. That’s why we made this easy-to-read glossary for you. It will help take the mystery out of your health coverage.

Binder Payment
First premium payment some members have to make in full before their coverage can begin.

Claim
A request for payment that you or your doctor submits to Healthfirst when you get medical items or services.

Coinsurance
The fee you owe a doctor for care after you meet your annual deductible. The amount you owe is part of the cost of your care. Healthfirst pays the rest. (Note: You must pay all medical costs until you reach your deductible. After that, you will pay only copays and/or coinsurance for covered services.)

Comprehensive Drug List
A listing of the most commonly prescribed drugs covered by your plan (also called a Formulary). It can be viewed at MyHFNY.org.

Copay
A flat fee you must pay for doctor visits or prescriptions.

Cost Sharing
A term for your out-of-pocket health expenses (deductibles, coinsurance, copays, etc.).

Covered Service
A service that your plan pays for if it is needed. Depending on the service, there may be out-of-pocket costs.

Deductible
The yearly out-of-pocket amount you must pay before your plan will pay for covered services. This is separate from your monthly premium payments.

Emergency
A severe, painful, or traumatic medical or mental condition that occurs suddenly and requires the immediate attention of a doctor. Emergencies are things like uncontrollable bleeding, poisoning, loss of consciousness, chest pain, severe allergic reaction, mental health issues, or substance abuse-related overdose. You do not need to get prior authorization if you need immediate care for an emergency. Call 911.

Explanation of Benefits (EOB)
A statement that you will receive after a claim has been filed. It explains the treatments that took place, the portion of the cost that is covered under your plan, and the amount left that you may have to pay directly to your provider.

Formulary
See Comprehensive Drug List.

Health Savings Account (HSA)
An account that you can put money into to save for certain future healthcare costs. Your contributions roll over year to year and move with you even when you switch jobs or retire.

Hospital Affiliation
Shows the hospital(s) where a doctor/provider can treat patients.

In-Network Providers
These are doctors, hospitals, labs, and other healthcare providers that are covered under your health plan. You can find participating doctors and hospitals at HFDocFinder.org.

Maximum Out-of-Pocket (MOOP)
The most you’ll have to pay out of your own pocket each year for medical services (deductibles, copays, and coinsurance).
Medically Necessary
Healthfirst will cover all services that we determine are “medically necessary.” This means that the service must be:

- Needed to prevent or treat an illness, injury, disease, or condition
- Provided in a safe setting
- No more expensive than any equally effective service

Healthfirst uses accepted standards and guidelines to determine if a service is medically necessary. To learn more about what Healthfirst considers medically necessary, please review your Certificate of Coverage.

Out-of-Network Providers
A healthcare provider (doctor or hospital) that is not a part of our network. Unless it is an emergency, your Healthfirst plan only covers healthcare services from doctors, hospitals, and pharmacies that are in our network. You will pay more if you use a provider that is not in our network.

Preauthorization/Precertification
You or your healthcare providers are required to check with Healthfirst before you get certain healthcare services. This ensures that these healthcare services are necessary and are covered before you get them. That way, you will not be responsible for the entire cost. Preauthorization is required for many services, but it is never required in an emergency.

Premium
The monthly health insurance payment some members must make to keep their health insurance plan active. To activate their health coverage, they must make an initial payment called a binder payment.

Primary Care Provider (PCP)
Your primary doctor (also known as a primary care provider, or PCP) is the doctor who provides you with basic healthcare and preventive services to help make sure you stay healthy. Your PCP coordinates most of your care, authorizes treatment, and may refer you to specialists. Your primary care is covered only when you see your PCP, but you may change your PCP at any time by calling Member Services.

Referral
A recommendation (electronic note) from your PCP that allows you to get certain medical services from a specialist.

Retail Health Clinics
Generally located inside retail pharmacy stores, retail health clinics provide a way for members to access immediate walk-in care (without an appointment) for non-emergency conditions, even during evenings and weekends.

Specialist
A provider who focuses on a specific area of medicine to diagnose, manage, prevent, or treat certain types of symptoms and conditions.

Urgent Care Centers
Medical facilities that can provide immediate care to people with urgent, but not serious, health problems. These include illnesses, injuries, and other non-life-threatening conditions that do not require emergency room care. You can go to an in-network urgent care center when your PCP is not available.
To access your Healthfirst account, visit MyHFNY.org or use our Healthfirst NY Mobile App.
