List of Approved Over-the-Counter (OTC) Purchases
Healthfirst Life Improvement Plan (HMO SNP) Approved OTC Purchases

Up to $140/month in eligible expenses with your OTC card

Keep this list handy! It can help you save next time you shop.
Follow these easy steps to start using your Healthfirst OTC card benefits.

**STEP 1 Activation**

If you are a current member and already have an OTC card, you can continue using it. Your preset benefit amount will automatically be added to your OTC card in January. If you are new to a Healthfirst Medicare plan or have never activated your OTC account, please call Card Services at 1-888-682-2400 (24 hours a day, 7 days a week) or visit www.otcnetwork.com/member.

**You will need to provide:**

1. The OTC card number printed on the front of the card
2. Your Healthfirst Medicare Plan Member ID card number
3. Your birthdate (two-digit month, two-digit day, and four-digit year; for example, 05/20/1930)

**STEP 2 Visit a participating store**

Take your activated Healthfirst OTC card to a participating store and select the approved items you want to purchase. A wide variety of retailers are part of the OTC network, from national chains to your local pharmacy. You do not need a prescription or to visit the pharmacy window.
STEP 3 Pay for your items

Take your items to the front checkout lanes. When you check out, swipe the card for payment. Purchases of approved items are automatically deducted from your card balance. **Unused balances will automatically expire at the end of each month or upon disenrollment from the plan.**

To locate a participating retailer or check your card balance, you may:

1. Visit [www.otcnetwork.com/member](http://www.otcnetwork.com/member), 24 hours a day, 7 days a week
2. Call Member Services at 1-888-260-1010 (TTY 1-888-542-3821), 7 days a week, 8am–8pm

**Use your Healthfirst OTC card only on items you buy for yourself—not for family or friends.**

If you purchased approved OTC items and couldn’t use your Healthfirst OTC card, you may submit an Over-the-Counter (OTC) Reimbursement Claim Form. This form is available at [https://healthfirst.org/forms-and-documents](https://healthfirst.org/forms-and-documents) or by calling Member Services at 1-888-260-1010 (TTY 1-888-542-3821), 7 days a week, 8am–8pm.

You must follow all instructions on the form to receive reimbursement.

Dual Purpose
These are products or medicines you should purchase only on the advice of your physician. They may be available to you or covered under another part of your Medicare or Medicaid coverage. Medicare Advantage plans may offer, as a supplemental benefit, health-related items and medications that are available without a prescription and that are not covered by Medicare Part A, B, or D.

In certain situations, items in these categories may be covered under Medicare Part B or D. When an item is covered by Part B or D, you should not use your OTC benefit card to buy it, because it is covered by Medicare and is not part of your supplemental OTC benefit. For example, gauze may be covered under Part B when it is being used, by prescription, to perform surgical wound dressing changes. In these situations, you should present your prescription and your Healthfirst Medicare Plan Member ID card at the pharmacy counter.

¹Non-Approved Item Exceptions
For certain very specific diseases (i.e., congestive heart failure or liver disease), you may qualify for reimbursement of the purchase of scales, provided you have discussed the purchase with your doctor, who verbally recommends the purchase due to the specific disease. Reimbursement for the purchase of early-diagnosis pregnancy items through the OTC benefit is available if your provider verbally recommends these diagnostic items for a specific disease or condition where early diagnosis affects medical treatment or medication.
Coverage is provided by Healthfirst Health Plan, Inc.
