Vitamins and Mineral Supplements (Calcium, Iron, Vitamin B, Multivitamins)*
*Dual-Purpose* These are products or medicines you should purchase only on the advice of your physician. They may be available to you or covered under another part of your Medicare or Medicaid coverage. Medicare Advantage plans may offer, as a supplemental benefit, health-related items and medications that are available without a prescription and that are not covered by Medicare Part A, B, or D.

Dual-purpose items may include: vitamins, minerals, supplements, hormone replacements, Chinese medicine, weight loss items, and diagnostic tools like blood pressure monitors.

*In certain situations, items in these categories may be covered under Medicare Part B or D. When an item is covered by Part B or D, you should not use your OTC benefit card to buy it, because it is covered by Medicare and is not part of your supplemental OTC benefit. For example, gauze may be covered under Part B when it is being used, by prescription, to perform surgical wound dressing changes. In these situations, you should present your prescription and your Healthfirst Medicare Plan Member ID card at the pharmacy counter.*

Talk to your primary care provider (PCP) about which grocery items you should buy to better manage your health and/or chronic illness.

Home Internet service

Log in to your account at otcnetwork.com and use your OTC Plus card to pay the monthly balance you might have with any of the following eligible Internet service providers:

- Spectrum
- Verizon
- Optimum/Altice
- RCN
- Earthlink
- Xfinity
- AT&T
- Consolidated Communications

Don’t see your Internet service provider? You can still use your OTC Plus card to pay for your Internet service. Just download and fill out the OTC Reimbursement Claim Form at healthfirst.org/otc and mail it to us.
Exercise equipment and activity trackers

Three ways to buy exercise equipment and activity trackers with your OTC Plus card:

1 Buy online at nationsotc.com/healthfirst or call 1-877-236-7027 (TTY 711), Monday to Friday, 8am–8pm.

2 Shop at nationwide retailers such as Walmart.

3 Visit other participating retailers. To search for locations near you, visit otcnetwork.com.

Exercise equipment and activity trackers

Apple Watches®, Fitbit, pedometers, and more.

Visit nationsotc.com/healthfirst to learn how to finance the purchase of activity trackers with your OTC Plus card.
Personal Emergency Response Systems (PERS)

Emergency response system powered by ADT that lets you call for help in an emergency by pushing a button. To learn more or to order your PERS, visit nationsotec.com/healthfirst or call 1-877-236-7027 (TTY 711), Monday to Friday, 8am–8pm.

Hearing aids

Call NationsHearing at 1-877-438-7251 (TTY 711), Monday to Friday, 8am–8pm. NationsHearing will help you find a participating audiologist for a routine hearing exam at $0 copay. If you need hearing aids, your audiologist will provide options for you and guidance on which may be best for your needs. Healthfirst offers a wide variety of hearing aids to meet your needs, including some with no copay. You may also use your OTC Plus card toward your cost-sharing for hearing aids, if there is any. Once you select your hearing aids, your audiologist will order them for you, and you will see your audiologist again for a hearing aid fitting and evaluation exam at $0 copay.

*In certain situations, items in these categories may be covered under Medicare Part B or D. When an item is covered by Part B or D, you should not use your OTC benefit card to buy it, because it is covered by Medicare and is not part of your supplemental OTC benefit. For example, gauze may be covered under Part B when it is being used, by prescription, to perform surgical wound dressing changes. In these situations, you should present your prescription and your Healthfirst Medicare Plan Member ID card at the pharmacy counter.
Important

Please remember to bring your Healthfirst OTC Plus card with you when you shop. You cannot use your Healthfirst Member ID card or Medicare card to pay for OTC items, healthy foods, exercise equipment, activity trackers, home Internet service, PERS, or hearing aid copays.

Shop at participating retailers in person and swipe your OTC Plus card to save.

Unused balances will automatically expire at the end of each month (even if you transfer to another Healthfirst plan with an OTC Plus benefit) or upon disenrollment.

If you have purchased approved OTC items from a participating retailer and couldn’t use your OTC Plus card, you may submit an Over-the-Counter (OTC) Reimbursement Claim Form.

This form is available at healthfirst.org/otc or by calling Member Services at 1-888-260-1010 (TTY 1-888-542-3821), 7 days a week, 8am–8pm (October through March), and Monday to Friday, 8am–8pm (April through September).

Your card must be activated and you must follow all instructions on the form to receive reimbursement.
Use your OTC Plus card only on items you buy for yourself—not for family or friends.

The OTC Plus card is not a debit or credit card and cannot be converted to cash, nor can it be used to purchase Part B or Part D covered prescription drugs. Certain brands may not be eligible at all locations. The list of eligible items may vary from month to month. Items may change, depending on availability. Limitations and restrictions may apply.

OTC items are subject to the plan’s list of eligible items and the plan’s participating network of retail and online providers.

Coverage is provided by Healthfirst Health Plan, Inc. Plans contain exclusions and limitations.

Healthfirst Health Plan, Inc. is an HMO plan with a Medicare contract and a contract with the New York Medicaid program. Enrollment in Healthfirst Medicare Plan depends on contract renewal.

Healthfirst complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex.
